The Randie backpack pattern from La Faiseuse de Bêtises®

Intermediate level

Time of realization : Approximately 3hours

This bag will follow you everywhere during your busy days. It is made of a synthetic leather and strengthened cotton. It is fully lined with strengthened cotton.

It contains three inside storage pockets, including a zipped one, a separate plate with a pen slot to have everything at hand!

It also contains a bellows pocket on the front closable by a snap fastener.

The backpack Randie closes with two straps, which are joined with each other thanks to rotating spring hook and a magnetic button inside in addition to its flap closing with another magnetic button ..

Its dimensions are approximately 26cm length / 11cm width / 32cm height
